LOCAL CHILDREN & THEIR ENVIRONMENT

In an attempt to get local children to learn more about, and appreciate more aspects of Teddington, several projects will be running shortly at local schools :-

1. November 4th to 15th :- The older children at St.Marys and St.Peters School will be studying their brand new building and its surroundings. (There will be an exhibition of work on the afternoon of the 15th, at the school in Church Road)

2. November 4th to December 20th :- 4th year pupils at Kneller School will be doing a studies and comparisons of the history, present situation and future of the Udney Park Estate and the Grove Estate.

3. January 1975 :- 5th year pupils from Teddington Boys School will be surveying the provision of recreation facilities for secondary age children in Teddington, suggesting what more is needed.

4. Summer Term 1975 :- Students from Kneller, Teddington Boys and Thames Valley College will be doing the required survey work for the Teddington (Park Road) Conservation Area.

If any of these pupils knock on your door or stop you in the street please give them all the help you can- they are the people to take over the care of our Town! (for more information phone Jeff Bishop).
